

May the Peace of God Almighty be always with you.

We want to share with you the blessings of the month of March with you. We increased visitation, evangelism, and continued to advance in the construction of the church building.

March 12th through the 16th we had brother Arturo Martinez, Jr. and family, as well as Arturo Martinez, Sr. and family, visiting us. This was of great blessing to us; we had fellowship, sharing of the Word, and worked on the floor coating for the auditorium and fellowship/classroom area. The main door entrances are still under construction; doors have been ordered are yet to arrive.

Art's brother, Hiram, and I coating the auditorium!

Hiram, Art's father, Arturo, Sr., and I at the plaza

Come and visit us! This is your home; we will greet you with open arms. There is much work to be done and a little help wouldn't be bad.

My family and I inviting more to visit!

Brothers, this month we visited several brothers and sisters who have drifted away. It is sad to say some not only left the church, but also fell into drugs and/or adultery.

Brother F. has always had issues with drugs; we checked him in at a rehab center for a second time, and upon being released we thought he was going to change, but it was not the case. He did worshipped with us one day and helped with construction and during the “Help the Needy” campaign, but now has left his family and hangs out with the wrong crowd. His wife and kids did not return to the church.

Brother D. followed the same footsteps, but unlike the previous case, brother D’s wife and three children returned to church.

We are working closely with both men, praying steadfastly, for God to have mercy and touch their hearts, so they repent and return to God and their families.

On a separate note, after visiting, praying, and talking with sister Ernestina’s family, finally her husband has allowed her to return to worship. This is great news! Glory be to God for this outcome. Although there are still some issues with Ernestina’s husband, we do not lose faith he will one day be part of Christ.

Ernestina at Church!

We also visit at least two families in the evenings; dysfunctional families, single mothers, and families with absent male figures. We are trying to establish structure in our bible studies, because many times people are interested only superficial things instead of the

Gospel of Jesus Christ. We are guiding them by being clear, simple, and direct regarding the Salvation plan.

We have had many visitors! The last Sunday of March three families visited us. We hope more souls are reached and won for the Lord.

Fellowship meal!

As a family, we have been having health issues, especially our little one, Ezequiel, who is constantly monitored due to digestive system problems. Thank God he is in stable condition. Our daughter struggles during this time of the year due to the dry and windy climate, causing her respiratory and skin-related allergic reactions. But thank the Lord, she is doing fine overall.

With no further due, we thank God for using us to do his will to expand the Gospel in this place; we also thank you for helping the work of the Church in this location. May the Lord bless you enormously!

In Him,

Martín Pérez Durán
